Rules and regulations for pit support vehicle usage

- *Approved vehicle will only be allowed at designated tracks as listed above
- *Only one approved pit support vehicle per entered car
- *Approved vehicle can only be used during authorized hours (no ARCA on-track activities)
- *Approved vehicle must have the associated team car number visible
- *A maximum of two operators per event and both must hold a valid ARCA license
- *Operators must hold a valid government issued driver license
- *A permit must be acquired thru ARCA Office prior to vehicle use
- *Permit must be prominently displayed on support vehicle
- *Team must have minimum \$1,000,000 in liability coverage and name Automobile Racing Club of America, LLC as additional insured
- *Team must have approved certificate of liability insurance on file with ARCA
- *Driver must operate vehicle in a safe manner (speeds/riders/load) at ARCA's sole discretion
- *Operating support vehicle in an unapproved area and/or manner will result in loss of privileges and/or penalties including monetary fine and track time
- *Submit completed support vehicle application with approved certificate of liability insurance to Bobby Thomsen at rthomsen@arcaracing.com
